2.6 Innovative processes adopted by the institution in Teaching and Learning:

- **Academic Calendar**

The academic, co-curricular and extra-curricular activities for the academic year are planned well before the commencement of the academic year. This academic calendar is made available to all students on the start of the academic year.

- **Academic Diary**

- Academic diary is provided to each faculty which contains planning of the workload, time table, term wise days available for teaching, record of leaves taken, lectures and synopsis of every lecture/practical and account of lectures planned and taken. It includes certification of completion of syllabus at the end of semester.
- Academic work is allocated as per the norms and discussion in departmental meetings.
- Academic diary also includes Academic Performance Indicator (API) sheets to be filled by the faculty at the end of the academic year.
- Academic diary is checked by the Head/ In charge of the department and endorsed by the Principal periodically.

- **Allocation of Work**

Academic, co-curricular and other related work is allocated among the staff by constituting different committees and associations.

- **Learner Centric Teaching**

The college has developed learner centric teaching system, where the academic as well as other activities are focused for overall development of learners.

- **Strengthening of Academic Programmes**

Career oriented graduate, postgraduate, research programmes, diploma, certificate and bridge courses in faculties of Arts, Science and Commerce are strengthened in respect of teaching-learning and evaluation aspects.

- **Extensive Use of ICT in Teaching**

The faculty uses various ICT based teaching techniques and aids such as audio-visuals, smart boards, interactive language laboratory, etc. Special efforts are made to improve the learning and communication skill of learners.

- **Motivation for Research**

- The faculty and learners are motivated to undertake research activities such as preparation of projects, publication of research papers in reputed journals and participation and presentation of research papers in seminars / workshops / conferences.
- Faculty are motivated to undertake research students at postgraduate and Ph.D. degree programmes.
- Teachers are encouraged for consultancy and undertaking minor/major research projects from different funding agencies.
- Learners and teachers are also encouraged to go for research degrees like, M.Phil., Ph.D. and Post-Doctoral Programmes. Computers with internet facility are made available for research students and staff members for the completion of their projects and research work.
- Learners at UG, PG and research levels are motivated and guided by faculty to participate in Avishkar Research Convention which helps to create their interest in research.

- **Resource Centers and Interactive Language Laboratory**

The college has established Commerce and Management Resource Center, Science Resource Center, Computing Laboratory, Smart Class Room and upgraded Interactive Language Laboratory. The teachers and students make the use of these centers for experiential learning, research work and updating with recent developments in their respective courses of study.

- **Participative and Continuous Evaluation of Learners**

Introduction of Choice Base Credit System (CBCS), evaluates the learners on the basis of continuous internal assessment and assessment of learners by Semester End Examinations. It is learner friendly and awards the grades on the basis of learners overall performance/engagement in academics

- **Interactive Methods of teaching**

- Group discussions
- Case studies
- Project based learning
- Computer assisted learning
- Experimental learning
- Seminars and workshops

- Organization of competitions
 - Study tours, Industrial visits and Survey
- **Categorization of the learners according to their academic performance**
College has developed software for scrutiny of learners' database according to well set variables including academic performance, participation and achievements in curricular, co-curricular, extra-curricular and extension activities. Based on this, learners are categorized into slow learners, medium learners and advanced learners. Every department receives the categorization of the learners from administrative office and the department plans and conducts appropriate methods for progression of learners.
 - **Mentoring of learners through Parent-Teacher Scheme**
In this scheme, faculty as an academic parent mentors the learner in enhancing the participation and performance in academics. A specific group of learners of particular programme is allotted to concerned faculty. Parent teacher monitors and ensures active participation of learner in teaching learning process.
 - **Evaluation of faculty by Learner**
IQAC has designed a specific feedback form to be filled by learner for evaluation of faculty. The various components of teaching and learning process have been incorporated in feedback form. The feedback given by learner is analyzed and discussed with faculty for improvement and up gradation in teaching learning process.

2.8 Examination /Evaluation Reforms initiated by the Institution (for example: Open Book Examination, Bar Coding, Double Valuation, Photocopy, Online Multiple Choice Questions)

- As our college is affiliated with University of Mumbai we are conducting our examination according to the rules & regulations of University of Mumbai which comprises of Internal & semester - end examinations in each semester. Both these examinations are centralized at our college in order to maintain the code of conduct and follow a process of systematic and continuous evaluation.

Some of the examination reforms initiated by the Institution are

- Testing learners understanding in an objective manner.
- Online Testing of learners in certain specialized undergraduate programmes such as Bachelor of Management Studies (BMS), B.Com (Accounting & Finance) and B.Sc. Information Technology.
- Flexibility to faculty in conducting assignments with a weightage of 10 marks for the internal assessment examinations.

Some of the reforms in the evaluation system are:

- Providing Photocopies of Answer sheets on an application from students
- Following the system of Masking to maintain secrecy in the process of evaluation.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

- **Monitoring of Teaching and Learning process**

IQAC contributes in evolving the mechanisms and procedures for ensuring the quality enhancement and quality sustenance in teaching and learning process. It develops the quality parameters of high standard for effective and efficient teaching and learning process.

IQAC prepares teaching and learning schedule and monitors the execution of the schedule for quality enhancement and quality sustenance in teaching and learning process.

1. Academic Calendar

IQAC contributes in planning and preparation of academic calendar of the activities to be undertaken during the academic year and is communicated to the faculty at the commencement of academic year through the meeting. This calendar includes series of academic activities to be conducted, examination schedule, organization of seminars and workshops and other co-curricular, extra-curricular and extension activities.

2. Academic Dairy

IQAC has designed an academic dairy for all faculty in which planning of the syllabus, allocation of workload, time table of the faculty, number of teaching days available is included. The faculty unities the syllabus month wise as per the teaching days available and to be endorsed by head of the department and authenticated by the Principal. The academic dairy records the execution of teaching by the faculty and also includes the brief account of syllabus completion

and other related aspects along with academic performance indicator sheet of the faculty at the end of academic year.

3. Organization of Workshops and Seminars

IQAC prepares the schedule for organization of workshops, seminars, conferences and training programmes for the academic year. At the commencement of academic year, IQAC identify the departments to undertake these programmes and ask them to prepare the proposals for approval from various funding agencies. The proposals are scrutinized by IQAC and endorsed by the Principal and then submitted to the concerned authorities for its sanction.

4. Motivation and Promotion of Research of Faculty and Learners

IQAC has significant contribution in promotion and motivation of research in the institution. The faculty is informed to prepare the research proposals and forward to various funding agencies for financial assistance. Faculty is motivated to publish the research work in reputed national and international journals. The faculty is deputed for presentation of research work in seminars and conferences at various levels. IQAC ensures the continuous dissemination of information to the faculty on research activities. Institution supports and promotes the faculty for perusing the higher degrees in research.

IQAC has the mechanism for monitoring the research activities among the learners through participation in avishkar research conventions, society based projects through N.S.S., deputation of learners for attending National/International seminars, workshops and conferences. IQAC directs the departments for participation of learners in research competitions organized by college and at other institutions.

5. Use of modern methods of Teaching and Learning

IQAC monitors the use of modern methods for efficient/effective teaching and learning process. IQAC encourage the faculty to use ICT based teaching techniques such as audio-visuals, smart boards, interactive language laboratory etc. for effective teaching and learning. IQAC encourages the learners to use central library, departmental library, computing laboratory, Commerce and Management Resource Centre, Science Resource Centre, digital library, e-learning, e-books and periodicals for better learning.

6. Monitoring the Academic Progress of the Learners

IQAC has developed the Parent-Teacher Scheme to monitor the academic progress of the learners throughout the academic year. The learners at final year of the Programme (beginning of Semester V) are allocated to the faculty who are

teaching to them. The faculty monitors the academic progress of the learner by taking feedback of attendance, performance in the test-tutorials, continuous observation by developing the rapport with them to solve their academic difficulties.

- **Evaluation of Teaching and Learning Process**

IQAC evaluates the teaching and learning process through various parameters and communicate the outcome to concern stakeholders.

1. IQAC has designed the mechanism to evaluate the teaching and learning process by checking the academic dairy of the faculty by Head of the Department regularly and by the Principal periodically. The syllabus completion report is evaluated by the Principal to ensure the completion of the syllabus by the faculty.
2. The casual leaves and duty leaves are sanctioned only after the adjustment of work for smooth teaching and learning process.
3. IQAC takes the periodical feedback of the activities allocated to each department for effective teaching and learning process and its result is evaluated on the basis of factual information.
4. IQAC organizes the meeting of faculty/head of the departments/chairman of the different committees and associations to have deliberative interaction for smooth maintain of the holistic state of affair within the campus.
5. IQAC has evolved the system of feedback from all the stakeholders for progressive teaching, learning and evaluation process. IQAC has designed a feedback questionnaire on Teachers' Quality consisting of various evaluative parameters. The learners' responses are analyzed with the use of software. The outcome of the analysis is communicated to the faculty by serving either a letter of appreciation or a letter of caution for their information and further improvement in Teaching and Learning.
6. IQAC contributes in evaluation of the curriculum by inviting the feedback from Academic Peers from other University. This feedback is communicated to the concerned Board of Studies of University for consideration.
7. IQAC monitors the Examination system of the college and suggests the reforms for timely evaluation of the learners.

3. Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

Following initiatives have been taken by IQAC to promote research culture in the institution

1. Constitution of Research committee:

- College constituted a Research Committee to sensitize research among the teacher and the learners. Committee organizes activities to make faculty aware of funding agencies those grant the funds for the research projects, writing the research proposals and research papers etc.
- Committee also takes feed-back of progression of research work of Ph.D. learners enrolled in different research centre of the institution.
- Taking time to time feedback of the progress of research projects funded by different funding agencies.

2. Deputation of faculty for Participation in seminar, conferences and workshops:

- College Depute faculty to attend University, National and international level seminars, conferences and workshops to update their subject knowledge.
- T.A. and D.A. are paid and special allowances are granted to the faculty for the participation and presentation of their research work.

3. Organization of seminar, conferences and workshops by various departments:

- Departments are given opportunity to organize seminars and workshops at international, national, state and university level.
- Subject experts and academicians are invited to share their rich experience which adds value to all participants.
- Organization of seminars and workshop provide a platform to learners & teachers for advancement in the field of their specialization as well as allow young scientists to come forward and present the research work carried out by them.
- Workshops on revised syllabus have been conducted by many departments in association with university of Mumbai.

4. Presentation and publication of research papers:

- All faculties are encouraged to present and publish their research work in journals of national and international repute.
- With access to various journals, magazines and reference books in the central library and departmental library, faculties are amply supplied with wide range of topics enabling them to participate and present papers in various seminars and conferences.

5. Encouragement to apply for research grants for major & minor research projects from various funding agencies

- IQAC encourages faculty members to submit various major and minor research proposals at University and UGC levels.
- DST-FIST Grant has been received by department of microbiology and chemistry.

6. Library facilities: The reference books, periodicals, journals and internet facilities are provided by the library to the students and staff for their research projects on priority basis.

7. Research activities for the students:

- Promoting students to participate in Poster, Model, and Elocution and Essay completion under the umbrella of science association.
- To groom the research aptitude among the students, the college motivates students to participate in **Avishkar Research Convention** a research festival conducted by university of Mumbai. All faculties are encouraged to actively engage with learners in Avishkar Research Convention, by facilitating brain storming sessions , helping learners choose their projects , guiding them through every stage of the project, help them prepare presentations, honing their presentation skills , thereby helping the compete effectively at every level of the competition.
- Promotion of research activities through participation of learners at Community based projects for Annugunj. Publication of Community Oriented Research Projects in '*Anugoonj*', a publication of college with ISSN 2348-9731.
- Organization of counseling sessions, workshops and training sessions for the learners to excel their performance in Avishkar research convention at district, university and state level competitions.

- Felicitation of students for paper presentation in conferences and securing medals at University level Avishkar Research Convention.
- Organization of educational visits to National Level Research Institutes through departments.
- Facilitation of laboratory, consumables, sophisticated analytical instrumentation, library, online resources and infrastructure.

5. Student Support and Progression

IQAC is actively involved in generating and enhancing awareness amongst the learners for the purpose of academic progression. IQAC gives information about student support services and monitors it regularly. The awareness is about:

- Details of above Student Support Services are given in Prospectus and on Website. The IQAC also conducts counseling sessions and informs them about various student support services

5.2 Efforts made by the institution (Department) for tracking the progression

The efforts made by the various Departments for tracking the progression of learners includes a mechanism of collecting the feedback from graduates, post graduates and employers through:

- Distribution of questionnaires
- Analysis of these questionnaires
- Interpretation of the feedback

The interpretation of the feedback received is considered for refinement of policies for the improvement and growth and development of the institution. Apart from this, the college has an actively functioning Centre for Career Guidance, Placement and Counseling which monitors the progression of the learners. Student Progression is tracked through the efforts taken by the Alumni Association and also through regular inter-action between staff and students. Learners are classified as slow, medium and advanced learners on the basis of their previous academic score and accordingly given additional inputs in the form of remedial course, extra classes, assignments etc. Regular class tests, quizzes on subjects also help the faculty track the progression of the learners. Learners are given career guidance and counseling. Departments also take efforts to generate awareness among learners about various courses and facilities available in college. Departments also undertake mentoring, counseling, guidance programmes to motivate the learners to participate in various activities and courses such as certificate courses, remedial courses and bridge courses. The departments undertake various co-curricular and extra-curricular activities such as weekly tests, group discussions, debate sessions and study tours which help to promote critical and independent thinking about politics and public life among our learners. Department of Interior designing conducts model and artifact making competitions and organize annual exhibition. Department of Fashion designing also organizes internship for practical industrial experience

Following measures are also taken for tracking the progression:

- Analysis of results
- Continuous rapport with the learners
- Strong alumni association
- Record maintained at placement cell
- Class Tests
- Home Assignments
- Parents-Teachers Meet

- Orientation Programmes
- Presentations
- Aptitude Tests
- Parent Teacher Scheme
- Mentoring and Guidance Programme.
- Personal Counseling.

5.4 Details of student support mechanism for coaching for competitive examinations

Competitive examination cell of the college provides the following facilities for coaching the students for competitive examinations through:

- **Establishment of Dr. C. D. Deshmukh Centre for Administrative Services**

The awareness is created among the learners and they are motivated for Competitive Examinations:

- Reading room and Library facilities.
- Facility of oral coaching by experts through MOU.
- Promotion to learners for foundation course in competitive examinations through personal counseling.
- Awareness is created by display of notices regarding the Competitive Examinations.
- Guidance and Preparation for competitive examinations like TOEFL, NET, SET, MPSC, UPSC, railway, banking, etc.

- **Initiatives by the Departments**

- Workshops on CSIR/UGC NET and SET preparation is organized by different Departments to provide guidelines to the students for the preparation of these examinations/tests.
- Aptitude test, Group Discussion and Personal Interview was conducted by different departments.

- **Initiatives by the Central Library**

- Celebration of Library week to create the awareness about the services available
- Facility of Counseling to sensitise about the process of availing these services
- Facility of digital library for online research papers and data for further research

5.6 Details of student counselling and career guidance

The placement and counseling services in the college are provided at four levels-

- **Pre-placement Services**

- **Counseling in the Classrooms**

Along with teaching-learning, counseling sessions on the emerging areas of opportunities are conducted for the students.

- **Identification of Opportunities of Placement**

Various opportunities of placement are identified and communicated to students accordingly.

- **Preparation of Database of Prospective Employers and Students**

A detailed list of prospective employers and students is prepared.

- **Identification of Job Seekers**

The expectations of the job seekers are identified.

- **Allocation of Job Seekers**

Depending on the expectations of the job seekers and according to needs of the job an allocation is made of the job seekers.

- **Organization of Skill Tests and Personality Development**

Skill tests and personality development tests are organized and conducted for the job seekers.

- **Conduct of Campus Interviews**

The cell conducts campus interviews for all the job seekers keeping in mind the requirements of the job providers and the expectations of the job seekers.

- **Recommendations for Placement**

On the basis of requisitions Centre for Career Guidance, Placement and Counseling recommends the students to the employer for placements.

- **Follow-up of Selected Students and Preparation of Database of the Alumni**

A database is prepared of the selected students as well as the alumni. Along with the follow-up of selected students a survey is conducted to assess the future needs of their prospective employers.

Total Number of Students benefitted is 535.

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- **Inclusion of New Programmes**

- **Commencement of New Course**

During this academic year the college has commenced the course 3 D max and pottery making course under Department of Interior Designing..

- **Commencement of Research Programmes (PG and Ph.D.):**

Nil

- **Continuation of Existing Activities by Innovative Manner**

- **Online Attendance Monitoring System**

The college has introduced the Online Attendance System to record and monitor the attendance of learners. The system is helpful for maintenance of attendance of learners systematically. It generates the student-wise, course-wise, programme-wise attendance reports of learners as well as reports of actual lectures and practicals taken by faculty.

- **Online Feedback Mechanism**

The college has introduced online feedback mechanism where collection of feedback, its analysis and interpretation of data have been done by the use of software developed by the alumni of the Department of Information Technology.

- **Up-gradation of Administration Software**

The software used for administration and accounting process has been updated with new window based version incorporating new variables for better reporting.

- **Curricular and Co-curricular Activities**

All departments of our college are instrumental in organizing innovative activities for the academic growth and enrichment of personality of learners.

The some of the important innovative activities introduced in the year are as under-

- ♦ Department of Management Studies has newly introduced full fledge Entrepreneurship Development Cell for conducting Entrepreneurship Development Programme which assist the learners to generate idea and convert it into effective business plan
- ♦ Department of Chemistry has organized the Skill Development Programme for Pharma Industry for M.Sc. students.

- **Quality Enhancement Initiatives**

- **ISO 9001:2008 (Quality Management System)**

In this year the college has been recognized with ISO 9001:2008 (Quality Management System) for the academic years 2015-2016 to 2017-2018 by URS Assessment and Training Ltd., New Delhi.

- **ISO 14001:2004 (Environmental Management System)**

In this year the college has also been recognized with ISO 14001:2004 (Environmental Management System) for the academic years 2015-2016 to 2017-2018 by URS Assessment and Training Ltd., New Delhi.

- **Environmental Audit (Green Certification)**

The environmental audit of the college has been conducted in the academic year 2015-2016. College has obtained the Green Standard GSCP-01-2010 by Green Standard Certification Programme Committee with level II for the academic years 2015-2016 to 2017-2018.

During the process of green audit the college has established following units which support the initiatives of the college towards environment protection-

- ♦ Solar Cell Unit
- ♦ Biogas Unit
- ♦ Effluent Treatment Plant
- ♦ Vermicompost Unit
- ♦ Green House

- **Electricity Audit**

College has successfully completed the Electricity Audit of all the electrical gadgets and appliances used in premises by Silicon Evolutions, Mumbai.

▪ Workshop on NET / SET Examinations for PG Learners

- ♦ The Department of Chemistry has organized workshop on NET / SET Examinations for PG learners. Experts were invited to guide the learners about the syllabus, question paper pattern and techniques of studies.
- ♦ The Department of Chemistry has conducted concept based test in chemistry to prepare students for NET/SET and Gate examinations.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

• Plan of Action Chalked Out by the IQAC in the Beginning of the Year

- Review the progress of the academic programmes and initiation of steps to strengthen them.
- Continuation of existing activities by innovative manner.
- Initiatives for quality enhancement in teaching-learning, evaluation and research.
- Strengthen the curricular, co-curricular and extension activities.
- Motivate faculty and learners to pursue research leading to Ph.D. degree, undertake research projects, participate and present papers at seminars and conferences and publish papers.
- Acquaint and sensitize the staff with the process of third cycle of accreditation, through the activities of IQAC and to continue the chain of process.
- Strengthen the industry and business linkages.
- Strengthen the learning resources
- Augmentation of the infrastructure of the college campus.
- Effective execution of the perspective plan of the institution.

• Action Taken Report (ATR)

▪ Strengthening of Existing Programmes

Strength of the programme lies in two basic processes-

- 1) Quality content of the programmes
- 2) Quality teaching learning

For effective teaching learning the college plans the teaching-learning system properly with objectivity and systematic manner, execute it with pre-determined monitoring mechanism and obtain the feedback for inserting credibility in planning and its adherence. The remedial coaching and bridge programmes of the college fill the gap between learning abilities of learners and

certificate and diploma programmes provide focused learning and expose the learners to contemporary knowledge, soft skills and relevance of the information domain.

▪ **Commencement of New Academic Programmes and Courses**

In this academic year following 02 Ph.D. research programmes, 01 PG research programme and 01 course have been added.

1. Ph.D. Science in the Subject of Inorganic Chemistry
2. Ph.D. Science in the Subject of Biotechnology
3. M.Sc. in Physical Chemistry by Research
4. Foundation Course - National Cadet Corps (N.C.C.)

▪ **Quality Enhancement in Teaching-learning, Evaluation and Research**

Principal monitors the process of teaching-learning, evaluation and research in the college through IQAC, heads / in charges of the departments and chairpersons of concerned association / committee. Every activity related to teaching-learning, evaluation and research is planned at the beginning of the year systematically and it is executed as per the plan. The review as well as progress of the activity is taken by the principal periodically.

▪ **Strengthening of Curricular, Co-curricular and Extension Activities**

The college has evolved effective systems for curricular, co-curricular and extension activities which results into remarkable achievements at district, zonal, university, state and national levels.

To study the socio-economic status of society, inculcate the element of research in the faculty and learners and enhance the qualities of learners for the promotion of sustained and meaningful rapport between college and community the college has started Lifelong Learning and Extension Cell (DLLE).

▪ **Promotion of Research**

College promotes faculty and learners to participate in various research activities. The outcomes of these activities in the academic year 2017-2018 are shown in following table:

For Faculty

Sr. No	Particulars	Total
01	No. of Ph.Ds. produced	06
02	No. of learners admitted for Ph.D. degree	03
03	No. of UGC research projects completed	03

For Learners

Avishkar Research Convention: The concept

The University of Mumbai organizes Avishkar Research Convention, a research competition for learners of affiliated colleges as per the directions of Hon'ble Chancellor and Governor of Maharashtra. The main objective of this competition is to inculcate scientific temperament and element of research in the personality of learners. The convention is organized at college, district and University levels by the University and state level by the Chancellor's Office. In the convention, learners present their research work in the form of poster and oral in six categories viz, Arts and Humanities; Commerce, Management and Law; Pure Science; Engineering and Technology; Agriculture and Animal Husbandry and Medical Sciences and Pharmacy at UG, PG, Ph.D. levels. The teachers doing Ph.D. are also participated in this convention.

The college has integrated the competition as a part of an academic proceeding. In the academic year 2017-2018 the college has participated in the Avishkar Research Convention at district, university and state levels and received remarkable success.

Particulars	Participation (No. of Research Projects Presented)	Achievements / No. of Research Projects Selected

▪ **Strengthening of IQAC Activities**

IQAC initiates with planning, extends with execution and monitoring and ends with feedback mechanism and its documentation.

Meetings of faculty, staff, learners, alumni and parents have been taken periodically to sensitize them with the process of NAAC re-accreditation for third cycle.

▪ **Industry and business Linkages**

Special efforts have been taken to develop and enhance linkages with reputed industries and organizations like Aarti Industries, Dombivli, Institute of Chemical Technology, Mumbai, B.A.R.C., Mumbai, etc.

▪ **Augmentation of Infrastructure and Learning Resources**

The college has augmented infrastructure and learning resources in the academic year, specifically,

- ♦ Up-gradation of botanical garden
- ♦ Establishment of Analytical Chemistry Laboratory
- ♦ Establishment of Computing Laboratory under the support of 'FIST Grant' by Department of Science and Technology (DST), Government of India
- ♦ Purchase of new instruments under the support of 'FIST Grant' by Department of Science and Technology (DST), Government of India for Department of Chemistry and Department of Microbiology
- ♦ Addition in ICT gadgets
- ♦ Purchase of new softwares
- ♦ Up-gradation of laboratories
- ♦ Up-gradation of faculty rooms

▪ **Revision of Perspective Plan and its Effective Execution**

The perspective plan of the college has been revised and is effectively executed in the academic year.

7.3 Give Two Best Practices of the Institution

Best Practice-I

1. Title of the Practice

Improvement of Communication Skills in Learners of English through the Interactive Language Laboratory

2. Goal

Aims and Objectives of the Practice

- To generate learning interest in English language among the learners.
- To motivate and to make the learners comfortable to learn the English language.
- To realize the importance of English for enhancement of employability.
- To develop self-confidence and love for English among the learners.
- To inculcate linguistic competence among the learners through various certificate and diploma programmes.
- To instil effective listening skills among the learners.
- To impart knowledge of grammar and its applicability.
- To enrich the vocabulary of the learners.
- To improve accent and pronunciation skill.
- To familiarize the learners with methods of effective communication and its applicability.
- To help the learners to understand various aspects of the communication process and the dynamic role of technology in the process.
- To acquaint the learners with theory and practice of voice culture.
- To enhance skills of presentation among the learners.
- To provide specialised practical training to the learners.
- To evaluate reading, thinking, writing and communicating capabilities.

3. The Context

In designing and implementing the practice following challenging issues have been addressed:

- Most of learners in the college are from vernacular medium so, it is necessary to develop learning interest in English language among them.
- It is essential to adjust the time table of the college for the different programmes based on communication skill.

4. The Practice

Measures

The college has effective mechanism for improvement of communication skill of learners in English. The Department of English takes various measures throughout the year for successful implementation of this innovative practice. The measures are carried out holistically with systematic and objective manner. The plan of action is as follows:

- **Meeting**

The Principal convene the meeting of all faculty members of Department of English in the beginning of the academic year to discuss the line of action to be undertaken for effective execution of the practice.

- **Communication**

All members of Department of English communicate the aims and objectives of practice to all learners and members of faculty through notices, personal counselling and meetings.

- **Collection of Information**

The department collects the information of learners who are poor in communication from the faculty in charges and class teachers of all classes and disciplines and appeals them to take admission in certificate or diploma programme specially designed for improvement of communication skill of learners.

- **Certificate and Diploma Programmes**

The Department of English offers following certificate and diploma programmes for enrichment of communication skill of learners-

- Diploma Course in Conversational English
- Certificate Course in Voice Culture and Verbal Communication
- Certificate Course in Conversational English

All these programmes build the capabilities of learners on significant aspects of communication skill like listening, grammar, vocabulary, accent, conversation, communication, pronunciation and presentation.

The department scheduled the working of these programmes at evening after completion of regular classes of learners.

- **Use of Interactive Language Laboratory**

The department conducts the certificate and diploma programmes in Interactive Language Laboratory where learners are trained rigorously with practical

aspects of communication skills. The Interactive Language Laboratory has 30 ICT supported learners stations with all modern amenities.

Language laboratory makes the learners to have interactive session. It provides equal opportunity to all learners to hear the instructor irrespective of place where they are seated. It also provides the privacy that encourages the shy learners to speak without any hesitation. In addition instructor can speak to individual or group of learners in privacy without interrupting rest of class. Language laboratory motivates learners to talk freely with their friends. Attention on subject is increased resulting in better retention of the concepts. Furthermore, it develops the listening and communication skills, since they hear correct pronunciation through their headphones. Learner will show more enthusiasm and excitement in learning lesson because of learning laboratory system. Instructor can look after each learner, which is not possible in case of the regular classroom. In a laboratory instructor can communicate with many learners by pressing a mouse key in order to talk with learners. Efficient use of time and learning efficiency is much more than usual classroom learning. This set up fosters more interactive session between learners and instructor. The language laboratory brings variety in teaching learning process instead of verbal centered teaching.

The laboratory has following softwares to cover the practical aspects of the activity:

SN	Title of Software	Features
01	Clarity Spoken English Softwares	<ul style="list-style-type: none"> • Transferring of programmes to the learners for listening • Recording of learners voice • Recording of teachers voice • Comparing of the voice by the learners with standard English • Mock exercises for learners • Repetition of activities • Empowerment of basic grammar through activities • Learners response • Five levels of programmes as per the needs of the learners • Self-evaluation of the learners • Training in phonetics
02	Acenet Interactive Course in Phonetics and Spoken English	<ul style="list-style-type: none"> • Audio-video broadcasting • LCD presentations • Interactive sessions • Group discussions • Paired conversations • Enrichment of vocabulary • Screening of world classics

- **Teaching-Learning Mechanism**

With the help of Interactive Language Laboratory and Softwares, faculty members equip the learners methodically with all facets of communication skill. Eminent experts also been invited to guide the learners. Guest lectures are also organized for the benefit of learners. Special sessions like role play, group discussion, debate, etc. have been organized.

- **Deputation**

The trained learners are encouraged to participate in different competitions / events at college, district, university, state and national levels like elocution competition, debate competition, poetry recitation competition, anchor, etc.

- **Evaluation**

Learners are evaluated with oral and written system. Based on the performance, the poor achievers are given additional attention.

Constrains or Limitations

- Challenging task to sensitize the learners to motivate for participation.
- Limitation of time at disposal.
- Hectic schedule of faculty and learners in the present Choice Based Credit, Grading and Semester System.

5. Evidence of Success

- In the academic year 2015-2016, most of the learners have taken the admission for certificate and diploma programmes and majority of them have scored quality marks.

SN	Title of the Programme	No. of Learners Admitted	No. of Learners Passed	No. of Learners Passed with O Grade	No. of Learners Passed with A Grade
01	Diploma Course in Conversational English	30	30	08	22
02	Certificate Course in Voice Culture and Verbal Communication	70	57	15	12
03	Certificate Course in Conversational English	49	46	19	20

- Many of the learners bagged medals in different competitions.
- Number of learners succeeds in getting the job at esteemed BPOs.

6. Problems Encountered and Resources Required

• Problems Encountered

- Challenging task to sensitize the teachers to motivate for guidance to the learners.
- Limitation of time at disposal.
- Hectic schedule of faculty and learners in the present Choice Based Credit, Grading and Semester System.

• Resources Required

- Well experienced committed faculty and instructor
- Interactive Language Laboratory with all ICT gadgets and softwares
- Library facility with specific books, journals, periodicals, CDs and DVDs
- Internet facility
- Recognition of learners who achieved rank at various competitions

Best Practice-II

1. Title of the Practice

Inclusive Growth Strategy for Differential Ability Learners

2. Goal

Aims and Objectives of the Practice

- To identify the level of competency of the learners.
- To provide opportunities to rectify disparities in learning.
- To search and organize different activities commensurate with the needs of learner.
- To modify the methodologies of teaching.
- To improve the academic skills and linguistic proficiency of the learners in various subjects.
- To raise level of comprehension of basic subjects to provide a stronger foundation for further academic development.
- To strengthen the knowledge, skills and attitudes in the subjects.
- To enable the learner to come up to the level necessary for pursuing higher studies efficiently.
- To prevent the future errors in all types of learning process.
- To improve the quality of the learners

The Concept

The college caters the learners from vernacular medium and different socio-economic background. Majority of them are first learner of the family as well as from the middle class family. The college has implemented an innovative practice in order to bring all these learners of varied strata on appropriate platform for learning. It mainly focuses on academic growth of learner and provides various related facilities to the learners.

3. The Context

In designing and implementing the practice following challenging issues have been addressed:

- It is essential to motivate the faculty to plan and record each and every aspect of the practice.
- It is challenging to encourage the faculty to execute different strategies for effective implementation of practice.
- It is important to change the mindset of learners.

- It is necessary to frame learner-centred activities.

4. The Practice

Measures

- **Categorization of Learners According to their Abilities**

The capabilities of learners are assessed on the basis of their previous year's academic performance, participation and achievements in curricular, co-curricular, extra-curricular and extension activities. Specially developed software used for scrutiny of learners' database according to well set variables. On the basis of this analysis, learners are categorized into:

- Slow learners
- Medium learners
- Advanced learners

In the academic year 2015-2016, the respective percentage of slow, medium and advanced learners are 9%, 51% and 40%.

- Computerized lists of above categories are made available to the respective departments. Head of the departments conduct the meetings to discuss the appropriate practices or methods to be adopted for the development of learners, according to their abilities.
- Responsibility is assigned to the respective class teacher to take steps for follow-up. Feedback from class teachers help to monitor the assessment process.
- Every department implemented various policies separately for slow, medium and advanced learners.

- **Strategies for Slow Learners**

To enhance the basic knowledge of the subject and bring the slow learners into main stream by making them comfortable in the process of learning, every department executed strategies viz. remedial programmes, bridge programmes, tutorials, tests, home assignments, extra lectures, counselling, parent teacher scheme, motivation, parent meeting, etc.

- **Strategies for Medium Learners**

To upgrade the knowledge of medium learners to excel in academics every department executed strategies viz., tutorials, tests, group discussions, assignments, extra lectures, personal counselling, industrial trainings, projects etc.

To accelerate the performance of advanced learners every department executed strategies viz., certificate programmes, diploma programmes, tutorials, tests, seminars, projects, workshops, model building, chart presentations, participation in research competitions and use of computers, competitions, industrial training, career counselling activities, personality development programmes, etc.

- Every Head of the Department takes the feedback of each activity and submits the report to the Principal.
- Principal suggests necessary changes in the activities in order to monitor the process.

- It is important to sensitize the learners about the process.
- It is essential to motivate the faculty to plan and record each and every aspect of the practice.
- It is challenging to encourage the faculty to execute different strategies for effective implementation of practice.
- It is difficult to devote extra time schedule in present Credit, Grading and Semester System.

- Confidence level of learners has been enriched.
- Happiness index of learners has been enhanced.
- Majority of learners are passed their examination with good marks / grades.
- Results of university examinations of every department are higher than the results of university
- Most of learners are acquired various skills of personality development.
- Learners are achieved remarkable success in curricular, co-curricular, extra-curricular and extension activities / competitions at college, university, state and national levels.
- Ample numbers of learners are placed in renowned companies.
- Esteemed organizations and private sectors offering their placement opportunities to the learners through campus placement.

6. Problems Encountered and Resources Required

• Problems Encountered

- Challenging task to sensitize the faculty and learners about the process.
- Problems of degree of rapport of some faculty with the learners.
- Hectic schedule of faculty and learners in the present Choice Based Credit, Grading and Semester System.

• Resources Required

- Committed faculty
- Additional time of faculty as well as learners
- Software for categorization of learners
- Learning resources with all ICT gadgets
- Library facility with specific books, journals, periodicals, CDs and DVDs
- Internet facility
- Demarcated infrastructure
- Special allocation of funds

7.4 Contribution to Environmental Awareness / Protection

College has taken keen interest in environmental awareness and protection. The following are the major environmental initiatives undertaken by the college.

- **Infrastructure and Facilities**

- College has well-fenced botanical garden with variety of plants and saplings.
- At different strategic places of the college, the templates 'Keep the Campus Clean' have been displayed which creates the positive ambience for hygienic and good environment.
- Ample number of aqua guards and coolers are installed in the college premises to provide pure and safe drinking water to faculty and learners.
- Dust bins are kept at strategic places for hygienic environment.
- The campus is cleaned by non-teaching staff twice in a day and all washrooms and toilets are cleaned thrice in a day by specially outsourced sweepers which produces aseptic environment in the campus

- **Curriculum**

- Environmental Studies, Environmental Management and Environmental Science and Pollution are one of the courses for F.Y.B.Com., F.Y.B.M.S. and T.Y.B.Sc. (Biotechnology) programmes respectively. Foundation Course is one of the courses for F.Y.B.A., F.Y.B.Com. And F.Y.B.Sc. programmes which comprises the modules of environmental studies. Also in the curriculum of B.A. (Geography), B.Sc. (Chemistry), M.Sc. (Chemistry), B.Sc. (Microbiology), M.Sc. (Microbiology), B.Sc. (Biotechnology) and M.Sc. (Biotechnology), the modules of environmental studies are included. These modules of curriculums provide special attention and consciousness of faculty and learners towards environment issues related to conservation, management and protection of environment

- **Co-curricular Activities**

- Department of Botany and Nature Club organize environmental related competitions such as slogan competition and essay writing competition to sensitize the learners about environmental issues.
- Department of Geography has organized environmental related competitions such as quiz competition and poster competition to sensitize the learners about environmental issues.
- Department of Commerce and Accountancy has organized a one day workshop One day workshop on Revised Syllabus of S.Y.B.Com Sem.-III / IV

- Department of Commerce and Accountancy has also organized International Seminar Accounting Education & Research Issues & Challenges.
- Department of Zoology has organized logo design competition on water conservation for learners to make aware them with environmental problems and contests.
- The Department of Microbiology has Construction of well equipped additional microbiology lab for a post graduate student was completed.
- Department of Microbiology has workshop on Sophisticated Instruments for M. Sc. II learners at our college.
- The Department of History has organized Motivational lecture on competitive examinations.
- The Department of English has organized 'Skill Development Programme in English' for Non-Teaching Staff to assist them in upgrading of their knowledge in English.
- The Department of Microbiology has conducted a one day seminar by international scientist, Mrs. Chandrakant Mahindranathan on "Current trends in Biotechnology.
- Department of Geography conducted a Village Survey of Satichi Wadi to familiarize them socio-economic features of the villages
- Department of Commerce and Accountancy has initiated an association with of CHARTERED CERTIFIED ACCOUNTANTS to bloom career horizons of students
- Department of Commerce and Accountancy conducted 'Get the Edge-An informative, career making seminar
- Department of Geography has organized Educational Tour at Nehru Science Center, Mumbai to understand the Practical Aspects of the Geography
- Department of Geography has conducted Expert lecture of Dr. S.A. Butala on 'Use of GIS Software for Map Preparation' to develop the map preparation technique among the students and also celebrated Geography Day
- Department of Management Studies conducted Certificate Course on " Certified Tax Accountant Plus"
- Department of Management Studies has organized a guest lecture of Poonam Kawale on "Personality Development and Pre placement training"
- Department of Management studies has organized a seminar on EDP Certificate course to sanitize learners regarding an importance of Entrepreneurship
- Department of Mathematics has organized Brain Wizard Competition

- Department of Zoology organized a guest lecture on Biodiversity conservation with reference to Snow leopard” by Mr. Aditya Malgoankar ,Research affiliate, Nature conservation foundation , India and Snow leopard Trust, India
- Department of Biotechnology has conducted a Expert lecture on lecture on DNA Sequencing
- Department of Information Technology has organized Two days Workshop on Project Development by NIIT for T.Y.B.Sc. learners
- Department of Information Technology has Workshop on Android Application Development by Mr. Manish Jain
- **Research Projects**
 - Learners from all departments are motivated to undertake environmental research projects which acquaint them with different aspects environmental awareness.
 - Every department has undertaken research projects for Avishkar Research Convention, our initiatives to inculcate the element of research and develop the scientific temperament among the learners within the framework given by the University and N.S.S. Extension Activity: Anoogunj. Some of these projects are related with environmental preservation and awareness.
 - Department of Microbiology has undertaken the research projects on food waste composting, water and finite analysis from canteen and measurement of CO₂ assimilation by trees and aware the faculty and learners about these issues.
 - Department of Biotechnology has analyzed samples of tap water of the college and submitted the report to the concerned authorities
- **Extension Activities**
 - NSS cell has organized cleanliness campaign and workshop on disaster management which enabled the faculty and NSS volunteers to understand importance of environment protection.
 - NSS cell has also constructed vanarai dam and organized tree plantation programme at Shantivan village and participated in the process of environment protection.
 - NSS cell has conducted Hepatitis B diagnosis and vaccination of 1000 learners in association with Cipla & NSS.
 - NSS volunteers prepared 800 notebooks from unutilized papers of their old notebooks. These recycled notebooks were distributed among the poor and

needy students of tribal schools. Through the activity, learners are aware with importance of recycling as well as environmental protection.

- Department of Biotechnology has conducted the extension activity for the Junior college students as part of social service. They have been acquainted with the various instruments used in Biotechnology and Life Sciences handling.
- **Energy Conservation and Use of Renewable Energy**
 - College has successfully completed the Electricity Audit of all the electrical gadgets and appliances used in premises by Silicon Evolutions, Mumbai. The assignment committee recommended some improvements which are taken for compliance.
 - At every electricity board in the college the template 'Save Electricity' has been displayed which aware the faculty and learners for minimum use of electricity.
 - Faculty, staff and learners are motivated for minimum use of electricity.
 - Students' Council and Students' Welfare Committee has organized 'No Vehicle Day', where all staff and learners are participated and supported for mission 'Save Oil', 'Zero Pollution' and 'Save Environment'.
- **Water Harvesting**
 - Faculty, staff and learners are motivated for minimum use of water.
 - The college has planned to evolve the water harvesting system and construct water well at botanical garden.
- **Efforts for Carbon Neutrality**
 - Faculty, staff and learners are made cognizant about carbon emission from vehicles.
 - The learners from Faculty of Commerce are specially guided for Carbon Credit by the faculty.
- **Plantation**
 - College has beautiful college gardens to create eco-friendly environment. Also various trees are planted and maintained to keep the campus green.
- **Hazardous Waste Management**
 - Faculty, staff and learners from Faculty of Science are made accustomed with hazardous waste management.
 - Waste from the cafeteria and gardens are used to produce compost by specially appointed gardeners and the compost is used for all gardens of the campus and botanical garden.
 - Hazardous chemicals are not used in the college laboratories. The minimal wastage is drained after reasonable treatment so as to make it non hazardous.

- **e-waste management**

- Faculty, staff and learners from Faculty of Science are made acquainted with e-waste management.
- Non-working computers, monitors, printers, hardwares and all other e-waste are discarded and scrapped on a systematic basis. If some parts are useful, in other systems they are kept aside for future use.
- Learners from B.Sc. (Computer Science), M.Sc. (Computer Science), B.Sc. (Information Technology) and M.Sc. (Information Technology) are guided for e-waste management by the faculty.

- **Special Projects Contributed to Environmental Awareness and Protection**

- **Recycling of Waste Papers**

Numbers of papers are required for administrative and academic work of college. Generally 17 trees and 1500 litres of oil required to produce one tonne of papers, which are used by us on daily working at college. In the academic year 2017-2018 has taken the mission of minimum use of papers and its recycling. The Process is monitored by steering committee. The steering committee appealed to all the constituents of the college for minimum use of paper and communicates the parameters to all faculty and learners like-

- ♦ Re-use the paper which has been used on one side.
- ♦ Make two-sided copies whenever necessary.
- ♦ Minimize the number of files.
- ♦ Use electronic media for communication whenever necessary.
- ♦ Promote electronic mailing.
- ♦ Collection of used papers.
- The steering committee collected the waste papers through the non-teaching staff and scrutinized it and sold it to authorized vendor who are directly attached to there-cycled companies or organizations.
- **Energy Conservation Programme**
 - ♦ Energy conservation is the reduction of quantity of energy used. Energy conservation supports the eco-friendly lifestyle by providing energy, which saves money and at the same time saves the earth. The energy conservation is cost effective with a short payback period and modest investment. The college has initiated the Energy Conservation Programme by replacing tungsten bulbs and incandescent tubes with LED bulbs and tubes. It also installed solar cell panels system which monitors the light of all passages of the college.

♦ Benefits / Outcome

○ For Use of LED Bulbs and Tubes

Particulars	Tungsten Bulbs and Incandescent Tubes	LED Bulbs and Tubes
Cost	50,000	1,50,000
Lifetime (Guarantee)	01 Year	10 Years
Units of Electricity (Monthly)	2000	700
Billing Cost (Monthly)	16000	5600

○ For Use of Solar Cells

Particulars	Tungsten Bulbs and Incandescent Tubes	LED Bulbs and Tubes
Cost	1,00,000	5,00,000
Lifetime (Guarantee)	01 Year	15 Years
Units of Electricity (Monthly)	800	---
Billing Cost (Monthly)	6400	---

▪ Production of Biogas from Food Waste of Cafeteria

- ♦ In the college about 4000 learners are taking the education in different disciplines. All these learners are coming to the college from Parnel city and nearby cities and villages. All of them are taking advantage of facilities of cafeteria provided by the college. During the working of cafeteria about 10 kg food waste was collected and disposed off every day. Hence it was decided to install a biogas plant and produce biogas from this food waste instead of disposing off.

♦ Benefits / Outcome

○ Production of Gas

Size of the Tank (cm ³)	Input of Food Waste per Day(kg)	Gas Production per Day	
		(g)	(litre)
02	05-10	500-600	1800
02	10-12	600-800	2000

○ Cost Benefits

Installation Cost	1,00,000
Lifetime (Guarantee)	15 Years
LPG Gas Consumption Saved (Monthly)	02 Cylinders
Amount Saved from Cylinders (Monthly)	1200
Slurry from Biogas Plant Used as Fertilizer which Saves (Monthly)	2000
Total Cost Saving (Monthly)	3200

- The process contributed for environment protection.
- Some of our laboratories benefited with the alternative source of gas.
- The production of biogas from food waste reduced the cost required for purchase of LPG gas for laboratories.
- **Establishment of Effluent Treatment Plant**
 - ◆ In the science laboratories (Chemistry Laboratory, Microbiology Laboratory, Biotechnology Laboratory, Zoology Laboratory, etc.) major amount of chemicals and solvents are used. After laboratory works, effluents generated from chemicals and solvents are directly sent to the drainage system which leads to a pollution of water as well as soil. It may show adverse effects on other aspects of environment.
 - ◆ **Benefits / Outcome**
 - Efficiency of the unit is 95%
 - The Effluent Treatment Plant which regulates adverse effects of effluents and helps in the environment conservation.
- **Vermicompost Unit**
 - ◆ The college has constructed the Vermicompost Unit consisting of three Vermicompost beds. All organic waste generated in the campus is used as a raw material for the process.
 - ◆ **Benefits**
 - The compost prepared from the unit is used for all plants of the garden of the college.
 - Waste management at the college
 - Saved the money required for fertilizers
 -

7.5 Whether environmental audit was conducted?

Yes

- The environmental audit of the college was conducted on April 29, 2016. College has obtained the Green Standard GSCP-01-2010 of Green Standard Certification Programme with level II for the academic years 2015-2016 to 2017-2018.
- **Process of Environmental Audit (Green Certification)**
 - Green Campus Co-ordination Committee was constituted by the college to monitor different aspects of audit.
 - College has invited the consultancy services from URS Assessment and Training Ltd., New Delhi regarding the process of green certification.

- 84

- **ISO 14001:2004 (Environmental Management System)**

The college has also obtained the status of ISO 14001:2004 (Environmental Management System) for the academic years 2015-2016 to 2017-2018 by United Registrar System (URS). ISO 14001:2004 is the tool of management system used methodologically for protection and conservation of the environment. The process suggests different standard parameters, methods and projects for environmental protection. It is useful to detect and monitor sources of environment pollution and it emphasizes on management of all types of wastes, monitoring of energy consumption, monitoring of quality and quantity of water, monitoring of hazards, safety of stakeholders and even the management of disasters.

7.6 Any other Relevant Information the Institution Wishes to Add (For Example SWOT Analysis)

7.6.1 SWOT Analysis of the College

- **Strengths**

- Pioneer to create education hub in New Panvel
- Substantial grants from funding agencies
- Disciplined and potential learners
- Highly qualified, devoted, committed and research oriented faculty
- Democratic, supportive and collaborative management
- Participation of the principal in the University administration and academic authorities and good rapport with government authorities
- Beautiful, clean and pollution free campus
- Encouraging academic and disciplined ambience
- Wide range of academic programmes
- Inclusive growth strategies for different learners.
- State-of-the-art college building
- Interactive Language Laboratory for learners and staff
- Commerce and Management Resource Centre with Interactive Class Room, Computing Laboratory and UGC Network Centre
- Science Resource Centre with Central Instrumentation Laboratory and Smart Class Room
- Patents and numerous research publications at reputed national and international journals with admirable impact factor

- **Weaknesses**

- Disproportionate learner-teacher ratio

- Challenging communication skill of the learners
- Inadequate learner-faculty exchange programmes
- **Opportunities**
 - Scope for twining programmes
 - Inter-institute exchange programmes
 - More focus on consultancy services
 - Role of alumni in institution development
 - Sharpening the focus on interdisciplinary and multidisciplinary programmes
 - Strengthening of industry-academia collaboration
 - To attain autonomous status
- **Challenges**
 - Emergence of private institutions and private universities having autonomous programmes
 - Emergence of foreign educational institutes and universities in higher education sector in Navi Mumbai

7.6.2 Achievements

- Accredited 'A' Grade by NAAC (2005-2006 to 2010-2011)
- Re-accredited 'A' Grade by NAAC (2012-2013 to 2017-2018)
- 'College with Potential for Excellence' Status Awarded by University Grants Commission (2009-2010 to 2012-2013 and 2013-2014 to 2018-2019)
- 'Best College Award' by University of Mumbai (2006-2007)
- ISO 9001:2008 (Quality Management System) (2015-2016 to 2017-2018)
- ISO 14001:2004 (Environmental Management System) (2015-2016 to 2017-2018)
- Green Standard GSCP-01-2010 of Green Standard Certification Programme (GSCP) (2015-2016 to 2017-2018)
- 'Lead College' Status by University of Mumbai (2011-2012)
- 'FIST Grant' by Department of Science and Technology (DST), Government of India to Department of Chemistry and Department of Microbiology (2014-2015)
- Fourteen Merit Rankers at University of Mumbai
- 'Best N.S.S. Unit Award' by University of Mumbai (2002-2003, 2006-2007, 2007-2008 and 2012-2013)
- 'Best N.S.S. Programme Officer Award' by University of Mumbai (2006-2007 and 2007-2008)
- 'Best N.S.S. Volunteer Award' by University of Mumbai (2005-2006 and 2006-2007)

- 'Overall Championship Trophy' for Avishkar Research Convention, University of Mumbai (2009-2010, 2010-2011, 2011-2012, 2012-2013, 2014-2015 and 2015-2016)
- 'Overall Runner Championship Trophy' for Avishkar Research Convention, University of Mumbai (2013-2014)
- 'Overall Runner Championship Trophy' for Cultural Youth Festival, University of Mumbai (2009-2010)
- National, State, University, Zonal and District Level Prizes in Cultural, Sports and Research Activities

8. Plans of the institution for next year (Academic Year 2016-2017)

1. Strengthening of the existing programmes

- Continuity, consistency and sustainability of monitoring mechanisms for effective implementation of existing programmes
- Starting of additional divisions in highly demanded programmes like B.Com (Accounting and Finance) and Bachelor of Management Studies (BMS)
- Increase in the intake of students in Ph.D. programmes like Ph.D in Science in the subject of Physical Chemistry, Organic Chemistry, Inorganic Chemistry and Ph.D. in Commerce in the subject of Accountancy

2. Inclusion of the new programmes

- Commencement of new value addition courses such as foundation course in NSS and Foundation course in Physical Education

3. Augmentation of Infrastructure and Learning Resources

- Upgradation of laboratories
- Purchase of computers and ICT gadgets

4. Strengthening of the Co-curricular, extracurricular and extension activities

- o Strengthening of NCC unit
- Strengthening of activities of NSS, NCC, Sports, Cultural and DLLE
