# DEPARTMENT OF COMPUTER SCIENCE

The Department of computer Science was established in the Academic Year 2001-2002. Since 2001, the department has made progress by leaps and bounds in terms of its alumni connect, placements, and higher studies program. The academic program is continuously improved to reflect the latest technological and scientific advancements. Students study software, hardware, and theoretical aspects of computing as well as applications of computing in Computer Science at the Undergraduate and Postgraduate level.

Computer Science is driving automation, creating intelligent systems, and enabling new applications in fields such as healthcare, finance and transportation. With computer science, students have the opportunity to specialize in an area of interest and create a sense of curiosity about research throughout the whole academic cycle.

The department offers B.Sc., M.Sc. in Computer Science and M. Sc. in Data Analytics programmes. The department also conducts Bridge course in Computer Science and Certificate courses in Photoshop, Corel Draw and Web Development. The department is equipped with updated and well-furnished laboratories. The faculty as well as learners have the facility of departmental library and central library having sufficient copies of text books and reference books. The department conducts various activities for the learners such as expert lectures, workshops, hands on training programs, E-Fest's Technophoenix and much more. The faculty are constantly involved in the research activities and take meticulous efforts for the betterment of learners.
