

Arts Association

Introduction:

Arts Association extends the appropriate platform to all learners with a commitment to their overall development into better individuals in personal as well as professional life. The various initiatives organized by the Arts Association are carefully conceived post internal deliberations. These customized interventions are aimed at grooming of learners so that they are not only future ready to face the post college life challenges appropriately but also add value to self, family & society at large. These activities enhance the overall confidence and competency by way of participation as well interactive sessions with experts. It prepares them better for the extremely competitive platforms going forward.

Vision: Enhancement of knowledge and skills for dynamic personality.

Mission: To provide a platform for inculcation of curiosity, creativity and imaginative aspects among the learners for overall personality development.

Goals & Objectives:

- To organize various activities for learners.
- To motivate the learners to participate in various competitions and programmes.
- To develop effective communication skills among the learners.
- To organize skill-based competitions to nurture good personality.
- To provide knowledge about various opportunities available in the Faculty of Arts.
- To organize guest lecturers for overall personality development.:
