Message by Hon'ble Chairman

Dear Parents and Learners,

It is my pride privilege to speak to you through the 'Prospectus, Information Brochure and Academic Calender 2021-2022 for appealing you to be a member of our C. K. Thakur A. C.S College family. Quality education is a need of the day and required for personality development. With this very intent and dream close to my heart; I started this college.

It gives me immense pleasure, as our college has conferred with glorious achievements in its credit Some of the notable achievements are Re-accredited 'A+' Grade By NAAC (Third Cycle-CGPA 3.61), 'College with Potential for Excellence' Status by University Grand Commission (Two Times),

"Best College Award' by University of Mumbai, Graded Autonomous status by University Grants Commission, New Delhi . On basis of Survey of Education World Magazine of India, Higher Education Rankng, our college is ranked 66th at National level & 24 at State level and many more in this line. All these are prestigious acknowledgment of our endeavour towards excellence.

Along with wide range of academic programmes at graduate, post graduate and research levels in traditional as well as speciality programmes, we have developed set of systems within a campus, essential to provide conducive ambience for learning and excelling the performance of our learners.

Higher education is one of the sensitive and vibrant aspects in our lives and we, at our college have accepted this as an objective and designed the policies and procedures to convert these into opportunities.

I know, it is quality of the process which determines the quality of the product. Everybody at our college is working with commitment and zeal to provide comfortable education to learners.

I wish, all those who want to be a learner of our college, a very bright future and you may look forward for the most enlightening period of your life.

Principal's Message

Heartiest welcome to academic year 2021-2022 As you know, our college has been gaining new heights, while still being firmly grounded to its origin. Just like the culture, our college has also evolved through the time. Since, higher education is experiencing significant changes; we have been proactive in picking these signals to ensure that, our endeavours make an impact in developing our learners. Our college has many firsts to its credit especially; to start new programmes at under-graduate, post-graduate and research levels. Along with innovation towards bringing out new academic programmes, we have taken a serious look to excel in curricular, co-curricular, extra-curricular, and extension activities such as cultural, sports, NCC, NSS and Avishkar Research activities which are the integral facets of experimental learning and process of overall development of learners.

Our vision is, 'Aiming for the best through amalgamation of attitude and acumen'. To achieve this, our philosophy has been to focus on knowledge dissemination, application and opportunity to excel by utilizing and directing the potential of our learners. Our vision, mission, objectives and core values lie in the heart of our stakeholders, who are always working for development of the college.

Our ability to think differently and create new paths instead of taking the routine route has paid rich dividends. The journey, we completed in the line has not gone unnoticed. NAAC conferred on us a prestigious 'A+' grade in Re-accreditation (Third Cycle-CGPA 3.61), University Grants Commission awarded us, a 'College with Potential for Excellence' status twice and University of Mumbai adjudged us a 'Best College Award'. Recently, University Grants Commission has granted the Graded Autonomous Status to our college along with ₹ 5 Crore grant under RUSA by the Central Government of India. Under autonomy, we have designed the curricular as per the needs of industry. We have also planned to set up an Incubation Centre. This will help the students to contribute in consultancy and entrepreneurship to enhance employability skills of the students. All these glorious achievements are possible only because of our hard working learners, dedicated faculty, sincere administrative and non-teaching staff, strong and supportive management and large reservoir of goodwill of our college in the society.

Implementation of credit, grading and semester system challenges the ability of learners to participate in learning process continuously and demands corresponding efforts from faculty and staff which we have imbibed in our working systems.

In this brochure, we have highlighted some of the significant achievements, new initiatives undertaken, glimpses of our programmes and other aspects of teaching, learning and evaluation process of our college.

Feel free to know about us a little more.
