

PLACEMENT CELL

PLACEMENT CELL

■ Establishment of Department

The College has a full-fledged Placement Cell active since 1997. It helps students to identify their career goals and provides an edge into the present-day competitive job market. The cell works immensely to fetch best profiles for each and every department, so that there is a pool of opportunities for every student to choose from.

Placement Cell acts as an interface between the students and the recruiters and is responsible for placement of final year students, providing internship opportunities and grooming the students of all batches. The Cell also conducts various training programs, workshops, seminars and webinars by industry experts, and regularly takes up various initiatives to develop students' skills and impart knowledge and awareness in multiple areas.

■ Vision

To equip the students with relevant professional skills and guide them towards a bright future and career to become part of Top-Notch Companies.

■ Mission

To organize and co-ordinate various career development programs aimed at molding students to meet industry expectations.

■ Objectives of the Cell:

- To assist students in identifying their career goals and creating awareness of available career options.
- To arrange training for aptitude tests, group discussions and preparing students for various interview rounds for campus recruitment.
- To organize regular training and development programs to enhance students' skills and prepare them for the workplace.
- To provide updates to the students on current market trends through various initiatives to prepare them for industry expectations.
- To recruit students in reputed companies by both on and off campus drive.

Placement Cell is an integral part of an Institution. Placement Cell and the resulting opportunities the cell provides to the students of the college are fully supported by the college management. The college management has provided solid infrastructure and human resources. The primary objective of the Cell is to provide placements for college students. The students are encouraged to develop a positive attitude in the workplace, soft skills, and technical skills alongside analytical capabilities. It aims to expose students to the nature of the corporate world therefore providing insight to their future professional careers

■ Functions of the Placement Cell

- To collect and maintain the students database for the purpose of Training and Placement activities.
- To analyze the training needs of all third-year students and to develop the plans for imparting soft skills, hard skills, and technical skills.

- Identifying placement opportunities within reputable organizations.
- Interact with industry and bridge the gap between the Institute and industry.
- Enhances the conduct of industry-specific training programs.
- Conducts interviews, group discussions, written tests, etc., on campus to assist companies in the recruitment process.
- Plans, designs, and imparts soft skills to students during special sessions on current trends and developments in technologies and tools.
